DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Patrick Buckley on October 15, 2007.

The application has been amended as follows:

In the Claims:

- a. Claim 1, line 9 – delete --arranging-- before “in accordance”;
line 9 - delete --for-- before “a packet”;
line 10 – delete --to-- after “engine”;
line 10 replace “pre-fetch” with --prefetching--.
- b. Claim 29, line 9 – delete --arranging-- before “in accordance”;
line 9 - delete --for-- before “a packet”;
line 10 – delete --to-- after “engine”;

Allowable Subject Matter

Art Unit: 2151

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest the applicant's invention as claimed in detail, particularly wherein Hirata et al. '058 does not explicitly disclose dynamically calculating a time when a protocol control block associated with the speculated connection is to be pre-fetched from an external memory unit wherein the time is calculated in accordance with an estimated processing time associated with the receive packet less an estimated latency time associated with pre-fetching the protocol control block. See also Applicant's remarks of August 2, 2007.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
